

Birthday Cake Boxes for People in Need

In a disposable 9x13 cake pan with a lid, pack the following:

Cake mix
Can of soda
Icing
Candles
A Birthday Card
Close with a ribbon

Directions: Substitute eggs, oil and water with one can of soda.

Or put the items in a gift bag with a cupcake pan and cupcake liners

Use your imagination for anything else that is festive (balloons, sprinkles, etc.)

This costs about \$7 if you go to the Dollar Store. Your guild could have one person buy the soda so everyone doesn't have to get a full box of 12 cans.
